

WINDOW WARE LAUNCHES BRAND NEW PRODUCT CATALOGUE

Window Ware - the one-stop shop for door and window hardware, tools, fixings and consumables – has just released their 2016 fabricator catalogue. This follows the exciting news that they've just signed up to exhibit at the Fit Show in April 2016.

The 197 page catalogue is available in traditional print form or as a [download](#) from the website. It provides a comprehensive range of hardware solutions for window and door fabrication and repair

With 5,000 products in stock ready for next day delivery Window Ware can meet all your window and door hardware needs!

The brand new catalogue boasts some great interactive features. To use these features, customers can download the free Layar app. Whilst the app is open, hover over a page where you see the icon and tap. Then watch how to guides, videos, links to the website or order forms for technical products appear in front of your eyes!

Marketing manager Sarah Binns says "We've been a major player in the industry for the past 25 years and are renowned for our commitment to great service. We wanted a catalogue that reinforces that commitment, and by improving our catalogue with the addition of some unique features so that customers can interact with us and access information quickly, we hope to have achieved this."

To obtain your FREE copy of the catalogue, head over to www.windowware.co.uk/brochure-request or contact your local area sales manager.
